Education

Software Engineering

2015 - 2021

[BRIGHAM YOUNG UNIVERSITY IDAHO](#)

I am currently attending BYU-Idaho. My declared degree is software engineering. I am currently looking for an internship that will help me apply what I have learned at college. I am looking for a professional environment where I can improve my coding and myself as an individual.

My current GPA: 3.71

Skills

HTML/CSS/PHP

I enjoy coding in these Web Development languages the most. While I am open to learning other languages, my preferred path would be Web Engineering as I feel I understand it the best, and some of my favorite personal project such as my fighting simulator (see my webpage to preview it).

JavaScript

I have become proficient at JavaScript. While this closely relates to HTML, JavaScript helps me to make sense of how a HTML document works. JavaScript has become one of my favorite languages to write because it ties in Web Development with other programming languages.

Java

I have taken one class in Java called Software Design and Development. In this class we as a team created an app for a small business. Java allowed me to experience navigating a large library and become comfortable with App development.

C++

I have taken multiple classes in C++ including Intro to Software Engineering, Object Oriented Programming, and Data Structures. I feel confident in my abilities to program in C++ and it has prepared me to learn other programming languages.

Spanish

During my two years in Barcelona, Spain I learned become proficient in writing and speaking Spanish. I am always searching for opportunities to continue speaking Spanish.

Work experience

Transportation Crew

September 2014 - December 2015

Northern Sales

- Worked in a team to assure all tasks were accomplished each day
- Rotated product and kept inventory of items
- Fulfilled orders for outgoing shipments
- Received shipments
- Filled out necessary paperwork for products received and shipped
- Forklift operator

Transportation Crew

July 2019 - December 2019

Northern Sales

Worked here for a second time between semesters.

Service

Missionary Representative

August 2016 - August 2018

Church of Jesus Christ of Latter Day Saints

During two years I had the opportunity to be a missionary representative for my church in Barcelona, Spain. During these two years I had the chance to give service to the people of Spain. I grew a deep love for the rich culture and beautiful country of Spain.

Skills gained and achievements:

- Developed communication and people skills.
- Was responsible for training, motivation, and supervising over 17 fellow fulltime volunteers over a seven-month period.
- Learned to be hard-working, reliable, and punctual.
- Language: Spanish, proficient oral and written

Eagle Scout

2006 - 2013

BSA

I achieved my Eagle Scout when I was 18 years old. For my Eagle Project, we helped the parks department of Tacoma, Washington. We were tasked with putting 40 feet of fence in between a pedestrian trail and a bikers trail.

I learned the following traits from achieving my Eagle Scout:

- Leadership
- Discipline
- Teamwork
- Communication
- Project Planning
- Time Management
- Hard Work Ethic
